Nov. 17/95

Dear Mr. Brown:

Thank you for sending me the copies of letters to Mr. John Williams and Mr. Mauril Bélanger, M.P. for Ottawa-Vanier, regarding environmental sensitivities.

As you may know, the National Health Forum is in the process of reviewing the National Health Care system and will be starting public consultations in the near future. I expect to be holding a forum in Ottawa West in the new year as well.

You may wish to find out when the Forum's consultations will be, so that your concerns may be expressed. You may contact:

The National Health Forum
200 Kent Street
P.O. Box 2798
Ottawa, Ontario
K1P 6H8

Tel: 957-9124

The Province of Ontario recently reviewed the wide range of alternative health practices. No doubt your local M.P.P.'s office will be able to provide you with information on the results.

I encourage you to make your concerns known to the National Health Forum.

Yours sincerely,

Marlene
